

Perfect Book Scanning Solution!

The Image Access Bookeye 4 - V2 Professional Scanner has a unique book cradle solution that allows the digitisation of bound documents at an optical resolution of up to 600 dpi and A2+ in size, by either lying them flat on the scanning bed or in the V-cradle at an angle of 120 degrees. Optional V-Shaped glass plate also available. The integrated 19 inch preview monitor allows the user to control image quality and make modifications as required. Scanned images can be output to USB, eMail, network or printer.

Options: V- Shaped Glass Plate (removable), WiFi export module for Scan2Pad app - export directly to iOS & Android smart devices, BCS-2 Production software (Win) for archival applications of scan editing, manipulation and multiple export formats.

Main features: Bookeye 4, 600dpi optical, A2+ Colour, V-shaped book cradle, foot switch, 19" Monitor, for Windows, 1 year warranty OS.

Image Access Bookeye 4 - V2 Production Book Scanners

Bookeye 4 - V2 Production Specifications	
Flatbed Scan Area	460x620 mm
