Plustek

Part no. TK2515

## Price

A\$ 399 (incl. GST)

A\$ 362.73 (excl. GST)

Availability: Call

**Part no.** TK2515

Prices incl. VAT plus shipping costs

## Description

The Plustek PS30D is a quiet, compact, colour document scanner featuring instant start scanning (no warm up time) and versatile paper handling. It's ideal for small businesses or reception desks where space is at a premium.

The output paper tray is curved upwards so that your scanned documents will not touch your desk. When not in use, the paper trays fold neatly onto the scanner.

The PS30D document scanner allows you to scan a wide range of documents including mixed size office papers, photos, business cards, plastic IDs and driver's licences. When scanning normal paper, it will hold up to 50 pages in its automatic document feeder.

The Plustek PS30D is a true duplex document scanner, with a top scanning speed of 30 ppm in simplex / 60 images per minute in duplex mode.

## Product information
