Description

The Fujitsu fi-7180 is a desktop A4 document scanner, featuring an 80 page ADF. It replaces the popular Fujitsu fi-6140Z scanner. Fujitsu's fi-7180 ADF scanning speed is rated at an amazing 80ppm or 160ipm in duplex mode. The fi-7180 also offers versatile paper handling, including the ability to scan mixed documents, small cards or extra long documents.

It includes PaperStream IP which features advanced image processing at Twain/ISIS driver level, and the PaperStream Capture application. The scanner supports USB3.0 for high speed data transfer between scanner and the computer.

LCD is equipped on the operational panel to display the operational settings for scanning documents, the number of sheets scanned, and error status. It can be used to easily check the status of the scanner. The scanner is equipped with "Skew Reducer" to ensure straight paper feeding even for mix batch of small or thin papers.

This function reduces the skewness of the documents and minimizes the occurrence of missing the edge of the scanned image. The Fujitsu fi-7180 has an ultrasonic multifeeds sensor that accurately detects "multifeeds" errors where two or more sheets are fed through the scanner at once. When there is paper of the same size attached to a designated location on the page, the Intelligent Multifeed function enables the scanner to recognize the location of the attachment.

This allows the user to continue scanning instead of pausing the scan by detecting every paper attachment as multifeed. The scanner's automatic detection function outputs images in colour or monochrome by the document content. This saves the user time by avoiding the hassle of changing the settings for every scan.

Main features: 80ppm (160ipm), 80p ADF, A4, True Duplex, USB3. 1 year warranty RTB.

Product information

Model No.:	fi-7180
ADF Capacity (pages):	80
ADF Scan Area - Max.:	210x5461 mm
ADF Scan Area - Min.:	51x54 mm
Duplex or Simplex:	True Duplex
ADF Speed (ppm):	80
ADF Speed Duplex (ipm):	160
ADF Paper Path:	Straight
Paper Weight:	27 to 413 gsm for A4 (126 to 209 gsm for A8 size)
Colour Modes:	B&W, Greyscale, Colour
Scanning Technology:	2 x CCD
Interface:	USB3.0/2.0
Resolution (dpi, optical):	600
Light Source:	LED
File Formats:	Text Searchable PDF, TIFF, JPEG, BMP
Software Standards:	TWAIN, ISIS drivers
Imaging Features:	Deskewing, sharpening, auto-crop, blank page removal, page separation, dynamic thresholding, noise removal
In the Box:	PaperStream Capture, ScanSnap Manager, FineReader OCR for ScanSnap, Central Admin Agent, USB Cable
PC Configuration:	Minimum: 2GB RAM, USB2. Recommended: 4GB RAM
Supported OS:	WINDOWS 7, Win 8.1, Win 10. Server 2008, 2012, 2016
Dimensions:	300x170x163 mm

Weight:	4.2
Electrical:	Input: 100-240 VAC, 50/60 Hz. Power consumption:
Operating Environment:	5°C to 35°C, 20-80%RH
Warranty:	12 months parts & labour warranty
ADF (Doc. Feeder):	Yes
Duty Cycle:	★ ★ ★
